Xiaomi HyperOS 3⁶

1. REDMI Pad 2 9.7 screen size is about 9.7 inches when measured diagonally. Viewable area is smaller due to the curved corners. Measurements between individual products may vary.

2. Refresh rate can be adjusted up to 120Hz for supported apps and games. Please refer to the actual experience.

3. Available storage and RAM are less than the total memory due to storage of operating system and software pre-installed on the device.

4. 7600mAh is the typical capacity.

5. Please consult the local seller on the availability of the power adapter in the box.

6. Availability of Xiaomi HyperOS features, apps and services may vary depending on software version and product model.

7. Data of battery life is tested by Xiaomi Internal Labs. Actual results may vary.
